**W.C.T.U. CONVENTION REPORT**

The first Annual Convention of the Women's Christian Temperance Union Central Alberta District, was held in Knox Church Red Deer, on May 22 and 23. Wetaskiwin was represented by Mrs. J. H. Knight who is also Treasurer for the District.

The programme was carried out in detail and many interesting and helpful papers were read.

On Thursday evening, the delegates were welcomed by the Mayor, and the Hon. Mr. Michener, presided over the High Gold medal contest. The contest was very close, but the coveted trophy May 31st, continuing all day, went to Miss S. Samis of Oueda.

On Friday the delegates were taken around the city & autos, all spoke and very highly of the courtesy and hospitality of the Red Deer Union.

A full account will be given at the monthly meeting on Tuesday, June 2nd all members and friends are invited to do so.

Mr. and Mrs. Iverson have just moved into the residence on Nanton St. recently vacated by W. K. Clark.

Mrs. Frank Gross and family left a few days ago. Mr. Strum, where they will visit at the home of Mrs. Gross' parents.

The ladies of the Methodist church are holding a Rummage Sale on Hall Gold medal contest. The contest was very close, but the coveted trophy May 31st, continuing all day, went to Miss S. Samis of Oueda.

The regular monthly meeting of the Second Hospital Aid will hold June 2nd at the home of Mrs. Joe. Iversen. Everybody is cordially invited to attend.

## Banquet Tendered Chas. H. Olin, M.P.P.

### REPRESENTATIVES PRESENT FROM ALL PARTS OF THE CONSTITUENCY

Hon. Duncan Marshall, Hon. Chas. Stuart and Several Members of Parliament Present

The most enjoyable and successful banquet ever held in Wetaskiwin was tendered Chas. H. Olin, M.P.P., on Wednesday evening of this week, at the Wetaskiwin Liberal Association, Angus Hall was beautifully decorated for the occasion, which with the nicely arranged and ornamented tables made a very pleasing scene.

The gathering was most representative, prominent Liberals being present from all the polling districts in the constituency, while at the head table were Hon. Duncan Marshall, Hon. Chas. Stuart, W. P. Puffer, M.P.P., of Lacombe, Dr. Campbell, M.P.P. of Ponoka, Geo. P. Smith, M.P.P. of Camrose, besides the guest of the evening, Chas. H. Olin, M.P.P.

evening and the officers of the Wetaskiwin Liberal Association. The spread was for about one hundred and fifty plates, and nearly all the chairs were occupied.

The catering was done by Mr. McFarlane of the Grand Hotel, and the menu included all the delicacies of the season. During the banquet, the Orchestra, rendered their best selections, and received hearty applause at the conclusion of each number.

Dr. R. D. Robertson, president of the association, occupied the chair, and during the course of his opening remarks read telegrams of regret from Hon. C. W. Cross, Hon. A. G. MacKay, P.E. Leppard, M.P.P., Dr. Clark, M.P. and Jas. Douglas, M.P.

After the toast of "The King" had been disposed of in the usual way, H. J. Montgomerie proposed the toast of "Our Guest," and referred to Mr. Olin as being the father of the town. He was the first builder and contractor, and had taken a prominent part in the development of Wetaskiwin from the smelter hamlet to the flourishing city it now is. He had been a co-worker on the council board for six years with Mr. Olin, and he had always used excellent judgment in all matters under consideration. He did not contemplate anything with a semblance of egotism, and it was the unanimous judgment of all present on the recommendations of A. Olin we would to-day have a better city.

In rising to respond to the toast Mr. Olin was greeted with deafening cheers. He said the honor of winning the last election was due to the Liberals of the district, rather than to him. He briefly referred to the pioneer days, when scarcely a white man was to be found in the district and he had seen the country develop into what it is now. He had been in the dominion. The Liberal government had studied the requirements of the country, and had aided in every way in the growth of the various districts. He did not know any man who knew the history of Liberalism in the province could not see the Liberal government, judging from despatches from Ottawa, a Dominion election was not far distant, and he was prepared to assist the Liberal party in rolling up a record majority as soon as the opportunity presented itself.

The toast of "The Liberal Party" was proposed by Alex. Knox, who referred to the work accomplished under the Sifton administration, and to the right being put up by Sir Wilfrid Laurier.

ing to the toast, said he was pleased to join in the celebration of the great victory which had been achieved by Mr. Olin, who was one of the most persistent, careful and painstaking members in the house, and for the next four or five years would be one of the most useful members referred to a number of his political experiences in Ontario, and kept the large gathering in the happy mood. In conclusion, Mr. Marshall stated that the Tory campaign in Alberta in the recent election was largely conducted on promises of office made by Tory candidates while the Liberal campaign was an exposure of Liberal principles which might be summed up in the words, "government by the people and for the people," said Hon. Duncan Marshall. "A better example there never was of Toryism than the government at present in power at Ottawa, a government which would suffer any humiliation at the hands of the people, rather than submit the avail bill to the people. In a few months the president of the republic to the south by his tariff policy had done more for the farmers of Canada than the president of the United States had done in a year and a half. In the next election he believed the farmers of Ontario would join with the farmers of Alberta in a fight for freer markets and free speech in the country's parliament."

The toast of the "Provincial Government" was proposed by W. H. Oudea very ably, and was accompanied with the name of Hon. Chas. Stuart.

Mr. Stewart referred to having started his political career in Wetaskiwin when he was elected a vice-winner district to take up his homestead, he stepped into a political mine, being addressed by Hon. Duncan Marshall. As a farmer he had had a chance to see how the legislation of the government was working out, and he was convinced that the farmers were ready and willing to stand behind any government which had their interests at heart. Today the government was primarily interested in saving the farmers get a square deal, and in a "farm management" the co-operative elevators act, and other measures it had done much to that end. He had been informed that the co-operative elevators companies were being successfully organized, and the government would be called upon at an early date to hand over government grant to erect at least twenty elevators in the province. At the present time, Prof. Ford and E. Bramley-Moore were in Europe studying the financial situation, and would make recommendations to the house at the next session of the house for the farmers of Alberta.

"The Visitors" was proposed by R. J. Thompson, in reply to W. P. Puffer, M.P.P. of Lacombe; Dr. Campbell, M.P.P. of Ponoka; Geo. P. Smith, M.P.P. of Camrose, Mr. Wallace of Calgary, and a delegation of Wetaskiwin, which expressed their pleasure at being present to join in the big celebration and the great victory.

In the absence of Dr. Dudgeon, the toast of "The Country Delegates" was proposed by J. P. Gross, and replied to by Geo. H. Munger and C. Maynard. Mr. Munger informed the members of parliament that the farmers could no longer be resembled to a flock of sheep, as they had developed into independent thinkers, who now knew their needs, and were going to fight for them. He admired the guest of the evening, for the plucky way in which he had performed his duties as a representative during the past term of office, he could speak for the farmers that they would stay by him if he continued to endeavor to legislate in their interests.

Mr. Maynard thought that a drainage law should be put on the statute

## BASEBALL SEASON OPENS

First League Game Between Bankers and Hotel-men Results in Tie.

The Wetaskiwin City Baseball League, was officially opened on Tuesday evening at 6.45 by Mayor Walker, throwing over the first ball. It is reported that every club in the league is anxious to sign up the doctor after his performance. The game was full of exciting turns, and the large crowd was in the best of spirits all the time. The Bankers had their opponents, the Hotelmen, practically beaten in the eighth inning, but they had the game well in hand during the early stages, as the score at the eighth was 3-1 in their favor. In the ninth inning the Hotelmen put six runs across the plate, which put them in the lead by nine to eight. The Bankers made one more run in the ninth, which made the score nine all. Patterson was the star of the game at the bat, having four hits in five times to the plate. Ex-

posed were numerous on both sides. Huber is credited with a home run by reason of the ball getting lost in the long grass, on his drive to left field. The next league game will be played this Thursday evening, when the Mercantiles and the Dodgers are the opponents. The following were the players:  
Bankers—MacEaster, c.; McKean, lf.; O'Loughlin, 1b.; Golden, cf.; Wilkins, 2b.; Herie, 3b.; Carlson, ss.; Williamson, p.; Patterson, p.  
Hotelmen—London, ss.; Murray, 2b.; Nelson, p.; Huber 1b. and c.; Cleve, lf.; Angus 3b. Lee and c.; Jensen; Wiberg, if.

Score by innings:  
Innings ..... 100000000-3  
Bankers ..... 034010011-3  
Umpire—Donnelly.

Several of the business firms of the city have been conducting a strictly cash business for some time, and their number will be augmented on Monday next by J. J. Christopher who announces that he has decided to adapt the cash system on June 1st.

The annual picnic of the Salvation Army will be held at Lucas Grove on Victoria Day. A large crowd was in attendance, and a part from the slight inconvenience which the rain or caused, a good time was spent.

Some eighteen members of the Edmonton Cycle Motor Club passed through the city on Saturday last en route for Red Deer, where they expected to meet a number of the Calgary Club. Their novel machines created considerable interest as they passed through.

Wetaskiwin is one of the smartest and cleanest little cities in Western Canada, or at least such was the opinion of Messrs. Jack Webster, Will Ham Short and Fred. Montague as they passed through the city a few days ago. They have been on an extended trip through the west and were in a position to speak from observation. They were also particularly struck with the fire fighting apparatus here, and said it was in the best order and cleanest of any they had seen in their travels.

The many friends of Victor Strom exceedingly regret to learn that he succumbed at Banff on Sunday, where he was on his way to seek rest from tuberculosis. He was an estimable young man and highly esteemed by all who knew him. He was aged twenty-six years, and leaves a sorrowing mother and brother. The remains arrived at Wetaskiwin on Monday, and were laid to rest at the Roseland cemetery, near Wynne, on Tuesday, the ceremony being conducted by Rev. O. H. Schmidt, who, in addition, the deepest sympathy to the bereaved relatives.

Duncan MacEaster returned Tuesday evening from Weyburn, Sask., where he has been for the past two weeks at the bedside of his sister, who passed away on Friday last. The friends of Mr. MacEaster extend their deepest sympathy to his irreparable loss.

**BOOKCASE FOR SALE, CHEAP.**—Solid hard wood. Just the right size. Apply to R.J., Times office. 8-41n.

**PURSE LOST.**—On the road between Wetaskiwin and Bright View on or about May 15th, a purse containing papers, etc. Suitable reward for heavy same at The Times office. 10-4t.

**FOR SALE.**—Team good work horses, single and well broken and one driver, four years old, thoroughly broken and not afraid of anything; also one good milk cow, fresh in 14 or 15 weeks. P. Burns & Co. 10-1n

**HORSES STOLEN.**—Team light driving horses, one light bay, branded quarter circle and C. J. on shoulder and one dark bay, J. on shoulder from my premises west of Edmonton Reward of \$20.00 given for information leading to their recovery. Win Hall, Edmonton. 10fn.

## Town Topics

Mr. and Mrs. D. J. McFitterick expect to leave shortly on a trip to their old home at London, Ont.

Mr. and Mrs. J. S. Armstrong of Ontario, Cal., arrived in the city of Wetaskiwin yesterday to spend a few days at guests at the home of the latter's sister, Mrs. V. C. French.

The officers of "O" Squadron, 35th Central Alberta Horse, were working diligently to make a good showing at the annual camp, which commences at Calgary in three weeks. Drill is held every six weeks at the Priddy angle, who can go into the camp, and the recruits are making very satisfactory progress. The officers, however, are now anxious to receive at once the names of every soldier who can go into the camp, and the recruits must be completed for the transportation of horses, men, etc. As this is the first year "O" Squadron goes to camp it is most important that the Squad be up to full strength, and all interested should make a special effort to attend.

### MADE-IN-CANADA TRAIN

Western Canadians will be interested to know that the "Made-in-Canada" train whose initial trip through the three Prairie Provinces last year was so successful, will make another tour this year, though for the most part over a different route. This exhibition on wheels which is the "Made-in-Canada" train, conducted by the Canadian Home Market Association, presents in attractive and condensed form many products made in Canadian factories by Canadian workmen. While all the cities of the West are more or less familiar with the hum of factory life, the greater number of places visited by the "Made-in-Canada" train have few manufacturing industries as yet. The "Made-in-Canada" special with its numerous products illustrates for Westerners whose occupation is chiefly grain growing that practically every implement used on the farm, every article in the home and everything they wear is or may be of Canadian make. Canadians may be classified as "Producers or consumers, though every citizen is something of both. The Western farm produces grain in great abundance. The exhibitions of Western grain in the East has done much to send Easterners to the West. But the Western farmer is also a consumer of manufactured goods, and one of the purposes of the "Made-in-Canada" train is to give him first-hand knowledge of goods made in Canada. This travelling Canadian National Exhibition will be in Wetaskiwin, June 10th, from 8:15 p. m. to 5:45 p. m. It will consist of twelve cars containing exhibits of the products of a number of representative Canadian industries, which will be arranged as attractively and compactly as possible. The whole train will be electric lighted and will be splendidly decorated throughout. The dining car will be fitted up as a demonstration car, and a connection with the exhibition an illustrated lecture with lantern views of various features of Canada; industrial development will be given. The exhibition and the illustrated lecture will be free, and there is no question but the train will be a novel attraction.

Representative of the firms exhibiting will be on the train, and will be glad to learn of the natural resources and other advantages of the town and district for manufacturing. In fact the manufacturer of the East is depending on this train to give him an idea of what can be done along industrial lines in the Prairie Provinces. Among the new exhibits on the train is a large display of fresh fruit under the direction of the Ontario Department of Agriculture. Here the Western citizen will see a magnificent display of apples, pears, peaches, plums, grapes and other fruit. There will be other products of mixed farming, some of which it is believed can be successfully cultivated in the West to a very much greater extent than at present.

The train is in itself a striking example of what Canadian workmanship can produce. Everything from the engine to the dining car was made in the C.P.R. Angus Shops. Even in such advanced lines of manufacture as locomotives and modern rolling stock it is not necessary to go out of Canada to see the best. The same statement is true of every product the train will carry. In fact the special might be extended indefinitely to accommodate "Made-in-Canada" goods. The ten exhibition cars are electric lighted, through out, and have comfortable seats with enough to allow visitors easy passage as they move from car to car inspecting the exhibits. The wall areas will be used by exhibitors for posters and other descriptive effects, associated with their exhibits. The exhibits of the special include stoves, windmills, gasoline engines, biscuits, confectionery, furniture of all kinds, kettles, rubber goods, cotton ducks, oil cloths, rubber footwear, tents, awnings, blankets, lumbermen's and contractor's supplies, shirts, collars, sweaters, hats (straw and felt), rubber collars and combs, celluloid, novelties, hosiery, knitted goods, jute and cotton bags, twine boots and shoes, paint enamelware, steel products, pianos and other musical instruments, harness, silver plated ware, cash registers, brass goods, flavorings, spices, pork products, fur pump, oil, gasoline, an insuperable other products. Some of the exhibitors confined their exhibits in such a way as to lay out a half car as a store front, with window displays and entrance through door.

The train wreck of Thursday afternoon was more serious than was considered at the time it occurred, and one man was found to be seriously injured, two badly hurt, and fifteen Chinamen more or less injured. The wreck took place on the C.P.R. one mile west of Melford. One of the men was a tourist car, a diner, two colonist and a standard sleeper were derailed, but no injuries took place in one of the colonist cars. For the next two weeks the farmers hope for nothing so much as bright, warm and sunny weather. Gives them a chance with your herd, be certain that each cow pays: it pays you to find out. Individual cow records help the practical farmer to build up a profitable herd.

The train wreck of Thursday afternoon was more serious than was considered at the time it occurred, and one man was found to be seriously injured, two badly hurt, and fifteen Chinamen more or less injured. The wreck took place on the C.P.R. one mile west of Melford. One of the men was a tourist car, a diner, two colonist and a standard sleeper were derailed, but no injuries took place in one of the colonist cars. For the next two weeks the farmers hope for nothing so much as bright, warm and sunny weather. Gives them a chance with your herd, be certain that each cow pays: it pays you to find out. Individual cow records help the practical farmer to build up a profitable herd.

### HOG CHOLERA

Thanks to wise government regulations faithfully carried out Canadian swine raisers suffer comparatively little loss from Hog Cholera as compared with those of many other countries. From time to time, however, this disease appears in various parts of the Dominion where the infection has been brought in some way or other. This disease which is strictly confined to hogs is extremely contagious and accompanied by a high death rate. In order to put owners of swine on their guard the Veterinary Director General, Dr. F. Torrance has issued a playlet written bullet setting forth such information as should enable the lay reader to readily detect the malady and understand what course to pursue in the case of an outbreak in his herd.

It is stated that the disease is caused by a germ which may be transferred in virulent form in many different ways such as on the hoofs of footed animals, the feeding of uncooked garbage containing raw pork, which may have come from a diseased pig, wandering dogs, domestic pigs, in the water of a stream flowing through an infected pigsty or yard. Infected hogs lose appetite, become sluggish and, if moved, may cough. They rapidly become thin and weak, linger for a time, or they may die in a few days. Clinical symptoms that will help diagnosis are described in the bulletin which contains a number of clear photo engravings of hogs in various stages of illness, as well as sections of internal organs showing characteristic diseased conditions.

Whenever the disease is noticed the owner is bound by law to notify a Veterinary Inspector. Failure to do this may be liable to a heavy fine besides the forfeiture of compensation for the loss of slaughtered animals. On account of the nature of the disease, it is forbidden by the Health of Animals Branch, is not being sent out to names on the regular departmental mailing list. Persons who desire copies may receive them by making application to the Publications Branch of the Department of Agriculture at Ottawa.

### PRACTICAL RECORDS

Almost every dairy farmer who commences to weigh and sample his cows milk individually says: "I find some in a few months 'I find some in the herd were kept at a loss'." Some men find only one or two cows, others state that they have found too many in the herd to play a losing game.

What does this mean? Just this: That despite all the experience gained from years of practical dairying, the farmer finds that in order to become thoroughly "practical" he must re-quit the aid of dairy records. Neither the cow's appearance, nor the owner's knowledge of the individual yield of milk (extraordinary as that yield may have been for a day or two week, or a month) will testify with certainty to each individual cow's ability to pay her way for the whole year. Cow testing provides a simple and eminently practical way of discovering, not only if each cow pays, but which cows pay the most profit on the twelve months' transaction of feed consumed, and milk and fat produced. Those large-framed cows are revealed only by practical cow testing.

Cows are apt to cheat the unsuspecting dairyman unless he keeps tabs on the performance of each one; many dairymen have found this out to their utter astonishment and regret. Don't take chances with your herd, be certain that each cow pays: it pays you to find out. Individual cow records help the practical farmer to build up a profitable herd.

Dept. of Agriculture, Ottawa

### GENERAL OUTLOOK FOR CROPS

#### OPTIMISTIC

The latest reports from the country on the crop situation are the most optimistic and it is thought by many of farmers that if all things go well the crop year will be a bumper one. The spring is unusually fine in the district and about 50 p. c. of the wheat is already above the ground, some of it as much as three or four inches. Of the oats and barley, only a very few fields remain to be sown.

For the next two weeks the farmers hope for nothing so much as bright, warm and sunny weather. Gives them a chance with your herd, be certain that each cow pays: it pays you to find out. Individual cow records help the practical farmer to build up a profitable herd.

The situation in Alberta generally appears to be much better than in the other prairie provinces where there is a scene of Saturday's tragic event, when at the need of rain. Several autotically destroyed by fire at an early time in the province. The hour this morning. The origin of the fire was an incendiary. Four other deaths were narrowly averted.

If you miss the small boy of the family at breakfast, June 2, don't be alarmed, for it will be safe to conjecture that he is at the Wetaskiwin show, watching the "Fruit-a-lives" act up. It is one of the far-away members of the grown-ups, the boyhood days when we watched the red waxen pull up on the lot, the horse horse tents and dining rooms, erected and the fascinating hustle and bustle of getting ready for the show. Many of us, however, don't grow the bit yet. Promptly at ten o'clock, the bugle will sound the call for the parade to leave the lot, and the principal down town streets will be traversed. At one P. M. the doors will be opened for the afternoon show, which starts an hour later. The night show opens its doors at seven, and starts at 8:15. The press agent is making a program lasting two hours, with throngs and steel areas in constant operation. The entire performance is given by animals, over 350 in number, in three rings, steel arenas and on elevated stands. Herds of elephants, camels, zebras, zibos, Ladia aced cattle and oxen from Africa, tigers, mountain lions, tigers, leopards, panthers, pumas, jaguars, hyenas, under the direction of famous European male and female trainers: 150 High School horses, Shetland ponies, dogs, apes, goats, monkeys, bears and a host of other sensational features; ten famous clowns. These are a few of the feature acts that take place in the arena, while the rings are accessible with no less entertaining but far less dangerous acts.

Roth and his group of 25 full-grown forest-bred male African lions, conclude the performance.

A Canadian record won by the boards in Fort Saskatchewan on Saturday. It was won by the standing high jump and R. S. Sheppard, teacher in the Strathcona Collegiate Institute, formerly of Toronto, cleared the bar at the phenomenal height of 4 feet 9 inches. The Canadian record is 4 feet 7 1/2 inches. The measurements were taken by J. W. Ward and J. H. Valentine, Y.M.C.A. officials, and will be forwarded to the C.A.A.U.

### Troubled With Weak Heart.

Was All Run Down.

Many people are unaware of having anything wrong with their heart till some excitement, overwork or worry causes them suddenly to feel faint or dizzy, or have an all-gone sinking sensation. On the first sign of any weakness of the heart or nerves, you should not wait until your case becomes so desperate that it is going to take years to cure you, but avail yourself of a prompt and perfect cure by using Milburn's Heart and Nerve Pills. Mr. Thomas A. Stevenson, Harris, Sask. writes: "I was troubled with weak heart, and was all run down for a long while. I was advised to become thoroughly 'practical' he must re-quit the aid of dairy records. Neither the cow's appearance, nor the owner's knowledge of the individual yield of milk (extraordinary as that yield may have been for a day or two week, or a month) will testify with certainty to each individual cow's ability to pay her way for the whole year. Cow testing provides a simple and eminently practical way of discovering, not only if each cow pays, but which cows pay the most profit on the twelve months' transaction of feed consumed, and milk and fat produced. Those large-framed cows are revealed only by practical cow testing."

The price of Milburn's Heart and Nerve Pills is 50 cents per box, or 3 boxes for \$1.25.

## GRATITUDE PROMPTED THIS LETTER

Prominent People Proud To Testify For "Fruit-a-lives"

130 ATLANTIC AVE., MONTREAL, MARCH 18, 1912. "For years, I suffered from Rheumatism, being unable to work for weeks at a time and spent hundreds of dollars on doctor's medicines, besides receiving treatment at Notre Dame Hospital where I was informed that I was incurable. I was discouraged when a friend advised me to try 'Fruit-a-lives'. After using three packages, I felt relieved and continued until I had used five packages when a complete cure was the result after years of doctoring failed. I consider 'Fruit-a-lives' a wonderful remedy. You are at liberty to use this testimonial to prove to others the good that 'Fruit-a-lives' has done me."

TIMOTHY McGRATH, M.D.C.M., 600, a box, 6 for \$2.50—trial size, 25c. Dealers or from Fruit-a-lives Limited, Ottawa.

## Equal Heat in Every Part of The Gurney-Oxford Oven

Every woman well knows the bad results from  
constantly opening the oven door to move a cake  
to another shelf or turn a pan of biscuits. Often  
the shifting or the cold air striking in proves  
utterly disastrous to her baking.

The Divided Flue on the Gurney-Oxford range  
equally distributes the heat to all parts of the oven  
which is regulated to the exact temperature re-  
quired by means of the Economizer.

This wonderful time-labor-and-money-saving  
device controls the heat of the whole range.

It is worked by a small handle which moves  
around a series of six notches. The housewife  
soon learns that by moving the handle to No. 1 she  
has a very hot oven, to No. 3 a moderate oven,  
and that No. 6 checks the fire so as to burn  
scarcely any coal while she goes out shopping.  
On her return she simply moves the handle to the  
number that gives the required heat and the result  
is prompt.

Of inestimable value also is the Erolator Attach-  
ment and the Special Grate.  
But a most delightful feature about the Gurney-  
Oxford is its constant bright and shining appear-  
ance.

It has a smooth polished top that never re-  
quires black lead and is thoroughly sanitary.  
For years stove experts have been working out  
woman's problem in the kitchen and the Gurney  
Oxford range is the solution.

Geo. D. WALLACE

WETASKIWIN

## THE PATH TO THE SUNNY SIDE

A base-ball ballad contributed.

When your spirit waxeth weary, and existence seems so dreary.  
That you'd like to stave a tombstone for your claim;  
When the future makes you shiver—more than likely it's your liver;  
Buckle up and hit the grave! to the game!  
You'll discover soon that troubles have been just a batch of bubbles.  
Since the heavy hitting batter—was a pup,  
And you'll loogie up your collar when the ump begins to holler...  
Better up!

Just select a seat at random in the midst of merry bandon  
And digest the verbal banquet at your ease.  
"Well, old pal, as I was sayin'—'Down in front!'—'Is Field a playin'?"  
"Clever baseman; see him go down on his knees!"  
It's the ever joyful story of the roster in his glory,  
And he wouldn't swap positions with a king.  
Off the dock with yow and sadness! Here's the place to pot your gladness.  
On the Wing!

Don't you feel your blood a-tingle to the music of the bingle  
When the batter clips the pill a nifty clout?  
See the runner swiftly scooting! Hark the rooster madly roosting:  
"Hit the dirt, you lazy lobster! Still! He's out!"  
Don't you jump your mental tracks when the home club fills the bases  
And the lanky clean up hitter toes the plate?  
But he's fanning, and touze singing: "Why the slab o' cheese is awinging  
Like a gate!"

Then he thinks he's playing cricket, and, the plate's a bloomin' wicket,  
For he whiles at one that nearly hits his shoe;  
But the next he slams—a beauty! and you yellow, "Tutti Frutti!"  
"At's a baby! Keep a-diggin'! He for you!"  
When they throw him out at second—"Safe a mile!" is what you reckon!  
You're the chap who calls the ump a baby-eyed slouch.  
But there's something you're forgettin', though I doubt if you're regret-  
ting—

## WHERE'S YOUR GROUCH?

## TEMPERANCE

COLUMN

EDITED BY THE W. C. T. U.

## NO LIQUOR ADVERTISEMENTS

A large daily paper in Chicago has  
excluded all liquor advertisements  
from its columns. Its reasoning is  
logical and manly when it says, "You  
will never see another unclean or  
coarse advertisement in the 'Ameri-  
can.' On Saturday this paper pub-  
lished an announcement that there  
would never be another whiskey adver-  
tisement in these columns. It was  
forced to take this position to escape  
from the integrity of opposing the  
whiskey traffic in its editorial col-  
umns and increasing the whiskey  
sales by means of its advertising  
columns. The rule against whiskey  
advertisements applies to all that under  
the names of remedies are simply more  
or less disguised alcoholic concoctions.  
In short, to the extent of its  
power, the American will keep its col-  
umns clear of anything that is dan-  
gerous to the health of its readers or  
is detrimental to public morals."  
This is a highly commendable deci-  
sion. Some months ago liquor adver-  
tising was excluded from the best  
class of magazines. A great many  
of the country weeklies have long  
since outlived the form of adver-  
tising. Here and there the great-  
er evils are falling into line. Some  
of these have even expressed the sen-  
timent that the life of the liquor  
traffic is doomed.

## DR. LIVINGSTONE ON THE DRINK TRAFFIC

Forty years have elapsed since the  
great missionary explorer, Dr. Living-  
stone, passed to his reward, and those  
four decades have seen perhaps  
greater wonders of development than  
any similar period in the world's his-  
tory. Yet, with all the apparent pro-  
gress in knowledge, it remains a fact  
that side by side with the advance of  
Christian civilization in the world, and  
competing with it goes the degrading  
drink evil, and this, too, in the Afri-  
ca, for which Livingstone laid down  
his life. Idols of interest in this con-  
nection to note what Dr. Livingstone  
thought on the subject of the native  
races and the liquor traffic. In a very  
interesting article on "Livingstone  
and the Temperance Movement," an  
English writer puts the matter most  
clearly as follows:—

"In Livingstone's various journals  
of his travels may be found many  
interesting references to the evils  
wrought by intemperance among the  
Africans, and in one of his published  
letters dated Kuruman, South Africa,  
November 12th 1852, we find the fol-  
lowing emphatic testimony to his own  
practice. He writes: 'I have acted  
on the principle of total abstinence  
from all intoxicating liquors during  
more than twenty years. My indi-  
vidual opinion is, that the most severe  
labors or privations may be under-  
gone without alcoholic stimulus, be-  
cause those of us who have endured  
the most had nothing else than water  
and not always enough of that. The

introduction of English drinking  
customs and English drinks among  
the natives of this country inevitably  
proves the destruction of both bodies  
and souls."  
The recent history of the gin traf-  
fic in Southern Nigeria, and of the  
native troubles of United South  
Africa, set the seal of truth upon  
this utterance of sixty years ago.

## BIG LAND DEAL AT LACOMBE

Lacombe, Alta.—One of the largest  
land deals recorded at Lacombe in re-  
cent months was closed a few days  
ago, involving the sale of the Brant-  
wine farm, a short distance from  
town. The purchaser is E. Shaw, of  
Kent county, Ontario, and the ac-  
cused involved is \$15,000. Mr. Shaw  
states that he has travelled exten-  
sively through the west for the past two  
years, but that nowhere has he been  
so favorably impressed with the mix-  
ed farming possibilities, offered as in  
the Lacombe district. The cost of ve-  
getable production, for instance, is  
shown to be unusually small in this  
part of the West, and profits per acre  
especially on garden truck, poultry,  
dairy products, etc., are uniformly in-  
crative. Mr. Shaw is beginning cul-  
tivation the present season.

The King's Printer has made an in-  
crease of 25 per cent. in the prices al-  
lowed to printers for work done out-  
side the government printing bureau.  
This is simply the government's official  
recognition of the fact that the cost  
of production in the printing busi-  
ness has increased so greatly in the  
last few years.

## HAVE YOU A SKIN RASH?

Zam-Buk will End it

For skin rashes, eruptions, eczema,  
(etc., either in adults or children, there  
is nothing known to science which  
equals Zam-Buk in the quickness and  
certainty of its curative power. Mr.  
Raymond Webber, of Allanburg, Ont.,  
writes: "I have tried Zam-Buk for  
many ailments, and every time have  
found it successful. Some time ago I  
had a bad rash all over my body. I  
tried home-made salves, herb salves,  
and various home-made preparations,  
and these proved of no use, but when  
I tried Zam-Buk I was cured in a  
quarter of the time that I had been  
experimenting in vain with other pre-  
parations."  
"On another occasion I had one of  
my fingers crushed, and in that case  
also Zam-Buk was the only remedy I  
used. It healed the wound splendidly."  
"My boy had boils, and once again  
Zam-Buk brought about a complete  
cure. We have also used it as a house-  
hold balm, for the injuries and skin  
diseases which are common to every  
person, and can say that in our ex-  
perience there is nothing to equal  
Zam-Buk."

Zam-Buk owes its unique healing  
power to certain herbal extracts it  
contains. Unlike most ointments it  
contains no poisonous coloring-matter  
no animal fat, but is purely herbal.  
For eczema, piles, blood poison, ab-  
cesses, ulcers, cuts, burns and all skin  
diseases it is without equal. It is  
sold by all druggists and stores. Use  
also Zam-Buk Soap, 25c tablet.

## "Made-in-Canada" 1913 Exhibition Train Coming!

THIS is the most realistic demonstration of  
Canada's advance to leadership in manu-  
factures.

## 10 Cars Full Of Interesting Exhibits

From the leading Canadian Manufacturers we have  
gathered exhibits of what is newest and best for  
farm and home. Just a walk through the train will  
be an education and delight. Make especial note  
to see the exhibit of Produce from the Mixed Farming  
Districts of Ontario.

SLIDES. Nearly 100 Fascinating Exhibits.

DON'T MISS THIS UNIQUE TREAT

TRAIN WILL BE AT C.P.R. DEPOT  
WETASKIWIN ON JUNE 10th

from 3:10 p.m. to 5:45 p.m.

## EDSON THE PARADISE OF THE BOOTLEGGERS; 8 CONVICTIONS

Edson, May 26.—For some time  
over the past week or two, on infor-  
mation laid by Chief Provincial De-  
tective Nicholson, of the liquor license  
branch, there have been eight con-  
victions at Edson for infractions of  
the liquor license ordinance recently,  
and fines of \$1,150 collected by the de-  
partment.

During the year 1912 the liquor li-  
cense branch of the attorney-general's  
department had 86 convictions in Ed-  
son and the district; tributary there-  
to collected fines aggregating over \$9,  
000, besides several prison terms for  
offenders, ranging from two months to  
three years.

About the beginning of this year it  
was suggested to department officials  
that Edson could look after her own  
business, and blotted that license offi-  
cers were sent to withdraw. The li-  
cense branch of the attorney-general's  
department was being distinguished  
with conditions demanding in regard  
to the enforcement of the liquor laws  
Chief License Inspector Forster de-  
cided on May 1 to again take an active  
part in the suppression of liquor traf-  
ficking in the west, and officers can  
now look for active operations for a  
cleaner west, and for liquor license de-  
partment.

## WANT FARMERS PAID FOR COT- WORM CROP

Ottawa, May 23.—When the Minister  
of Agriculture's estimates were being  
discussed in the House of Commons  
last night, W. A. Buchanan, M.P.,  
suggested that live stock should be  
placed on the experimental farm at  
Lethbridge in order to assist the  
movement for mixed farming in South-  
ern Alberta. He also urged the min-  
ister to provide the treatment neces-  
sary to rid districts infested with the  
cut worm free of cost, pointing out  
that the pest had ruined the crops of  
farmers in the past, and many of  
them were not able to defray the cost  
of treatment out of their own pockets.

## CREAM WANTED!

Present price, Sweet Cream 32c

lb. butterfat.

## You Know Us

We are in business right here where you live. You are an  
acquaintance, neighbor or a friend of ours. This money-back-  
if-not-satisfied offer should prove the sincerity of our claims.

When we say we believe we have  
the best laxative and back up our  
statement with our unqualified prom-  
ise to return without question or  
formality the money paid us for it,  
if it does not prove entirely satis-  
factory to you, we believe we are en-  
titled to your confidence.

Our business means and prestige  
depend upon your confidence in us.  
We know we must secure and hold  
your confidence in order to get and  
keep your patronage. Therefore, we  
would not dare make this offer if we  
were not positively certain that we  
can prove our claims for

## Real Orderlies

Our experience with them and the  
many reports we have received from  
those who have used them prove that  
they are really the most pleasing  
and satisfactory remedy we know of.

Real Orderlies taste like candy.  
They are nothing and easy in action.  
They don't cause cramping, nausea,  
purging or excessive looseness, as do  
other cathartic or laxative. Real  
Orderlies seem to act as a tonic,  
strengthening upon the nerves and  
muscles of the bowels. They promote

CAUTION: Please bear in mind that Real Orderlies are not sold by all drug-  
gists. You can buy Real Orderlies only at the Retail Stores.  
You can buy Real Orderlies in this store.

## INTERNATIONAL ANTHEM

God save the working man,  
Long live the useful man,  
Save the working man,  
Serve him with sirloin steak,  
Plum-pudding and angel cake,  
And do it all for mercy's sake.  
Gave the working man.

God save the worker's mate  
In every land and state,  
And brighten her life.  
She'll absorb your beautitude  
With downright gratitude,  
In every latitude.  
Save the worker's wife.

Paralyze the Parasite,  
Knock him out with all your might,  
The wide world o'er.  
Save the man with shovel and pick,  
Save Tom and Harry and Dick,  
And do it mighty quick,  
With messings galore.

Two buffaloes from the national reserve at Wainwright, Alta., where more than 1200 head of American bison are quartered, will be sent to Ireland this month, for exhibition at the zoological gardens in Dublin. The animals, the pick of the large drive, which includes the famous Pablo herd from Montana, will be sent by express at a cost of \$2,000, to be borne by the city of Dublin.

"They talk about a woman's sphere, As though it had a limit; There's not a place in earth or heav'n, There's not a task to mankind given There's not a blessing or a woe, There's not a whispered yes or no, There's not a life, or death, or birth, That has a featherweight of worth, Without a woman in it."

## KICK

Kick to Grow.

But Kick ahead and not behind, Kick to get something and to get somewhere. Kick to a good purpose. For the rightly Kick is to be somebody.

Kick to Grow.

France kicked itself into the French Revolution and cleared the political map of Europe for centuries to come. Wendell Phillips kicked against slavery. Slavery and helped free a race. Disraeli kicked against a great horde of Kickers and it landed him Prime Minister of England. History favors Kickers.

Kick to Grow.

Kick with a Smile on your Face and Determination in your Heart. For the Kicking Business fares badly with Bitterness and Revenge taking tickets at the Gate. Kick the hardest against your own Faults and Defects. Also, Kick against everything useless—Time wasting, cheap Gossip, aimless People—Habit that sap away your power.

Kick to Grow.

Kick for recognition when you have real Worth to show. Kick for knowledge. Kick for Principle. Kick for a place on which to stand squarely and honestly. But in all your Kicking, remember that the Kicking is the means and not the End. And after you have Kicked your Kick—Pass on, and accept your task.

Kick to Grow.

### 100 TOWNSITES TO BE OPENED ON THE C.N.R. MAIN LINE

The C.N.R. will open 100 townsites during the present year, and the most of them will be located along their line between Calgary and Winnipeg, is the information received from the C.N.R. headquarters. In fact, the information includes the statement that in Alberta there will be eight new towns placed on the map. The location of those towns was not given. The C.N.R. will have their line open and in operation from Montreal to Vancouver inside of the next 14 months. This is stated as official. The Calgary-Saskatoon line will be opened in June and the line running northwest of Edmonton heading into the Peace River country will be ready for traffic next spring.

## TO KEEP STRAIGHT

Keep good company.  
Keep good hours.  
Keep yourself busy.  
Eat moderately.  
Keep your tongue from evil.  
Take plenty of exercise.  
Breathe pure air.  
Sleep regularly.  
Think pure thoughts.  
Hold lofty ideals.  
Be in earnest.  
Be prudent.  
Be prompt.  
Be just.  
Be patient.  
Be forgiving.  
Be noble.  
Be pure.  
Avoid debt.  
Avoid vulgarity.  
Avoid scandal.  
Be ready to help.  
Be a ray of sunshine.  
Trust in the Lord.—Milwaukee Free Press.

## Concrete is the best building material

A BROAD statement—Yet literally true. The aim of man from the beginning has been to make his building materials as nearly like natural stone as possible. The great labor required to quarry stone led him to seek various manufactured substitutes. The only reason he ever used wood was that it was easiest to get and most convenient to use. Wood is no longer easy to get. Like most building material, its cost is increasing at an alarming rate.

The cost of concrete is decreasing. So, from the standpoint of either service or economy, Concrete is the best building material.

Canada's farmers are using more concrete, in proportion to their numbers, than the farmers of any other country. Why? Because they are being supplied with

### Canada Cement —

a cement of the highest possible quality, which insures the success of their concrete work.

The secret of concrete's popularity in Canada lies in the fact that while we have been advertising the use of concrete, we have also been producing, by scientific methods, a cement so uniformly high in quality that the concrete made with it gives the complete satisfaction our advertisements promised.

Concrete would not have been in such universal use today, had an inferior grade of cement been supplied. Insist upon getting Canada Cement. It is your best assurance of thoroughly satisfactory results from your concrete work. There is a Canada Cement dealer in your neighborhood.

Write for our Free 16-page book "What The Farmer Can Do With Concrete"—No farmer can afford to be without a copy.

Canada Cement Company Limited - Montreal

Without this label it is not "Canada" Cement.

L. E. MARTIN, Owner and Auctioneer.

## We Want New Subscribers

THE circulation of The Wetaskiwin Times is not by any means confined to the name on our mailing list. There are many who read The Times but have not subscribed for it. We believe that these will become subscribers if they see the following subscription offer:—

We will send The Times to any address in Canada from June to December 31st, 1913, that is for a period of seven months for the sum of

50 cents

As this is only half the subscription price, it is too liberal an offer to be overlooked.

Send in your subscriptions at once by post office order or cash to

The Times,

Wetaskiwin, Alta.

Can. Rose, May 24.—Francis Adams

1200 acre ranch, six miles south of Camrose, and on the Battle river, was sold Friday to Thomas Evans, of Barville, Ont. Mr. Evans will use the ranch for an extensive live stock business, which he is transferring from Ontario here. The deal is the most important in farm lands this year. The cash payment was \$5,000. Several farmers in the district are buying more land for mixed farming. The business in real estate and farm lands is the best of any spring in the history of Camrose.

## 25 Cents to Stop that Itch

Does it not seem strange that so many people suffer year in and year out with itching? A 25 cent bottle of a simple wash stops the itch and will surely convince any patient.

This wash is composed of mild and soothing oil of wintergreen mixed with thymol and glycerine, etc., and known as D.D.D. Prescription. We do commendation.

### FIRST SUMMER SCHOOL FOR GEORGE J. LANE RESIGNS SEAT

TEACHERS WILL BE OPENED

FOR HON. C. R. MITCHELL

IN THE WEST

Edmonton, May 24. — A summer school for teachers, including courses in nature study, elementary arithmetic, Mitchell, who was defeated by Mayor Spencer at Medicine Hat. A meeting of the teachers was held last night, at which the Hon. Chas. Stewart, the Hon. Duncan Marshall and the Hon. C. R. Mitchell were present, and a writ was issued for the new elections, nominations to take place on June 12th, and polling a week later, Thursday June 19th.

Before the cabinet meeting, Mr. Lane was sworn in as the member for Bow Valley, and immediately afterwards tendered his resignation. A resignation is usually handed to the speaker of the house, but as a speaker of the house, he has not yet been elected for the present legislature, the resignation, in compliance with law, was handed to two members, the Hon. Duncan Marshall and the Hon. P. E. Lessard.

Before his resignation, Mr. Lane consulted his constituents on the matter and a meeting of the Liberal association was held at Bassano. Mr. Lane expressed his opinion of the resignation of his member, but modestly pointed out that the Hon. C. R. Mitchell would make a far better representative and resolutions were then unanimously passed asking Mr. Mitchell to accept the nomination after Mr. Lane's resignation. Mr. Lane was also the recipient of many kindly expressions for his disinterested and generous action, in the matter.

Mr. Lane is a warm personal friend of Premier Sifton, and three days after the election, when it was seen that there was a likelihood of Mr. Mitchell being defeated, Mr. Lane promptly offered to vacate his seat in Mr. Mitchell's favor.

### CO-OPERATIVE EGG CIRCLES BEING FORMED

Edmonton, May 23.—In order to insure marketing of eggs which fresh the Alberta government is establishing co-operative egg circles throughout the province. By this means eggs will be collected from a sufficient number of farmers keeping poultry to enable to be shipped to some central point and graded afterwards, being put in cold storage until ready for shipment. The idea has already been a strong hold in southern Alberta, and a cold storage station has been established in Calgary. A series of meetings in connection with formation of these egg circles will shortly be held throughout the province and advice as to method of organization will be given by A. W. Foley, superintendent of the poultry branch of the department of agriculture. Side by side with the organization of egg circles the provincial department of agriculture is encouraging marketing of infertile eggs, which keep far better than the fertilized product. The provincial poultry plant has sent 5,000 eggs, 1,500 chicks and 250 male birds to farmers throughout the province this spring in an effort to grade a standard of poultry in Alberta.

ALBERTA TO THE FRONT

That Alberta stands in the foreground of Sunday School work is evidenced by the fact that this is the second province in the Dominion of Canada, Ontario is first, to employ a specialist on work with boys and girls in their teens. No State of the American union has yet such a specialist on their Sunday School staff.

Mr. Hugh C. Leggat, in the appointment of the Alberta Sunday School Association, the interdenominational Sunday School organization of this province. He arrived in Alberta a few days ago and met the Provincial Board of the Association of Friday May 23rd. Mr. Leggat is a Scotchman by birth. He received his education at the New England States, where for some time he was prominent in Boys' Work in the Y.M.C.A. He came to this province from the Secondary Division work of the Alberta Sunday School Association. Mr. Leggat is a master of his specialty and the Sunday School workers of Alberta are to be congratulated on receiving such able assistance in the solution of their problems of leadership of boys and girls of the teen age. He will move his headquarters to Calgary, and his work will be under the direction of the Alberta Sunday School Association. His expert advice will be at the disposal of every Sunday School denomination in Alberta.

### JURY FINDS THAT MCCARTHY'S DEATH WAS ACCIDENTAL

Calgary, May 26.—Accidental death is the verdict of the jury which investigated the death of Luther McCarthy, heavyweight champion of the world, who died Saturday afternoon less than two minutes fighting with Arthur Peitler.

The jury was unable to fix responsibility for the death of McCarthy and exonerated Peitler. This does not mean that Peitler's (Peitler) troubles as far as this view of the case, is concerned at an end. It is understood to be the purpose of the crown to arrest him on a formal charge of manslaughter.

Billy McCarthy, McCarthy's manager, and Eddie Smith, sporting editor of the Chicago Examiner, who refereed the bout, will be asked to give the authorities assurance that they will be here when the matter comes up for trial. McCarthy will return to the United States.

W. R. Heare's Chicago paper advises Smith to remain in Calgary until the matter is disposed of.

The testimony of the surgeons who performed the autopsy was to the effect that the vertebrae of McCarthy's neck had been dislocated. A medical expert, called in by the defense, testified that this could have been perfectly in some manner before the fight. Billy McCarthy, McCarthy's manager, while giving testimony, broke down and cried like a baby.

### C.P.R. FALL OFF THE TRAIN

When the C.P.R. train that leaves the South Side C.P.R. station in Edmonton was about two miles from Ellerslie, the old chief in the diner, feeling the heat, stepped out on to the steps of the car. The next thing, he knew a sudden lurch had thrown him from the train, which was travelling at the rate of 25 miles per hour. He was not badly hurt and was able to make his way to the track. Kerr, elevator at Ellerslie, where he found G. F. Kelley in charge who brought him to Edmonton South. The chef was not badly time ago in this well, but it was on hurt although he received a bad shock by a pocket and it was decided to continue up. The fall was apparently unnoted by the train crew, as the train never slackened speed.—Bulletin.

A medical expert now starts us with the assertion that upholstered pews in churches are dangerous as hiding places for germ. This will not be taken as an excuse for non-attendance at Wetaskiwin.

Athabasca, May 19.—Another great trial of nature's gas occurred in well No. 4 on the east side. At the first, great computation there is a pressure of 200 pounds to the square inch, which means, approximately, a flow of gas of 100,000 cubic feet per hour. In of between two and three million feet of gas a day. Gas was struck some ten feet. The gas was not badly time ago in this well, but it was on hurt although he received a bad shock by a pocket and it was decided to continue up. The fall was apparently unnoted by the train crew, as the train never slackened speed.—Bulletin.

### PLAINTIFF WON CLAIM IN REAL ESTATE CASE

Judgment for the plaintiff, Frank M. Bairisto, for cancellation of contract and \$1,000 damages, was given by Justice Simmons at the supreme court yesterday in the suit against Ottobius Miller, in which the plaintiff claimed cancellation of a contract and \$2,000 damages in connection with a real estate deal in which the plaintiff alleged that he had entered into negotiations with Miller, who is a retired manufacturer, residing in Edmonton for the exchange of a farm in the northeast quarter of section 24 in township 48, range 23, of fourth meridian in Alberta, for lots belonging to the defendant in Edmonton. The plaintiff alleged that he purchased the lots on the representation that they were within three blocks of the Edmonton street car, but subsequently found that they were not so, consequently claiming nullification of agreement. The defendant denied that any misstatement had been made or misrepresentation regarding the location of lots.

The plaintiff was represented by Stuart and Stewart and the defendant by Garlepy and Giroux.—Bulletin

### SPLENDID RETURNS FROM STEER FEEDING

Edmonton, Alta. May 26. — Four hundred steers fattened on the Alberta government demonstration farms at Otis, Sedgewick, Clearholm and here realized a net profit of \$4,157.58 or an average of \$10.40 per head. The average gain in weight of the steers after fattening was 167 pounds. They were bought at an average price of \$76.41 and sold at an average price of \$106.15. All the cattle were range bred steers from 2 to 6 years old. The conditions of the greatest profit was at Otis, where the net gain was \$17.50 per head. Most of the feed was grown on the farms and was charged up in the account at market prices.

### SUFFERED FROM Catarrh of the Stomach For Thirty Years.

Catarrh of the Stomach is generally caused from some interference with the action of the liver, and is a malady that affects the whole body. Some symptoms are burning pain in the stomach, constant vomiting, abnormal thirst, incessant reaching, etc. On the first signs of any of these symptoms Milburn's Lax-Liver Pills should be taken. They are a specific for all disorders arising from wrong action of the liver.

Mr. Michael Miller, Ellerslie, Alta., writes:—I take pleasure in writing you concerning the great value I have received by using Milburn's Lax-Liver Pills, for catarrh of the stomach, with which I have been a sufferer for thirty years. I used four vials and they completely cured me.

Price, 25 cents a vial, 5 vials for \$1.00, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## Town Topics

Miss Anna Ekberg left a few days ago for Kelowna, B.C., where she will spend the summer with friends.

Mr. Shearing who recently accepted a situation with the Royal Meat Market, is erecting a handsome cottage on Thess street.

Tuesday, June 3rd is the anniversary of King George's birthday, and will be celebrated by the schools, which will be closed.

Word has just reached Banff that Dr. McEachern was married on Tuesday, May 13th, in the city of Toronto to Miss Cora E. McWhirter.

The Ladies Aid of the Presbyterian church intend holding a food sale and tea on Saturday, June 7th. The new cook book will also be offered for sale.

George Kelsey, who has been employed at the mill here for several years, left the city on Wednesday for Loughheed, where he takes charge of one of the elevators.

W. K. Clark recently purchased an hotel at Munson, Alta., and he and family left the first of the week to assume charge of the hostelry, which Mr. Clark promises to make one of the best on the line.

The Ladies Aid of the Norwegian Lutheran Church will serve dinner and supper on Saturday, May 31st, in the building formerly occupied by Asp Bros. In the evening there will be sale on both fancy and useful articles.

Practically every town in central Alberta, from Lloydminster on the east to Edson on the west and from Athabasca on the north to Ods on the south, will be visited the latter part of July by business men of Edmonton, travelling on the Board of Trade. It is expected there will be at least 50 members in the party.

There are some people who seem to think that any kind of paint or substitute will do for a house, but when we look about and see the superiority of the houses that are done with Ramsay's Paints as sold by Asp Bros. Wetaskiwin, Alta., then we know better. Our people should see to it that they get Ramsay's Paints, the oldest and best known brand.

For some weeks past beaver have been seen in the Bow river. They are located about 200 yards up stream from the C.P.R. dam. Going up in a canoe, they are easily approached, and can be seen busy feeding on the river bank. It is to be hoped that they will be let alone, and the Herald warns the public that a heavy penalty is in store for the party who destroy them.—Ponoka Herald.

The students of the high and public schools are taking a keen interest in the visit of the "Maid-in-Canada" train, which will be here on the afternoon of June 10th. The pupils of both schools will visit the exhibits marching in a body. Four prizes are being offered, two to be given to the high school student and two to the public school pupils writing the best essays on the products of Canada, as seen in the train.

A quiet wedding took place at the home of Mr. and Mrs. Anton Brunus on Monday last, when Mr. Ernest Strossing of Bright View and Mrs. Filhaber, from near Palau, were united in the bonds of holy matrimony. The ceremony was performed by the Rev. of only a few intimate friends. The newly married couple are taking up their residence on the groom's farm near Bright View, much to the heartfelt congratulations of their many friends.

About four o'clock on Tuesday afternoon a tragedy occurred in Totfield on the premises of Guy Owen, where a well was being dug. Ernest Ingram descended the well to arrange a block and it appears that the rope broke letting him fall about thirty feet. After thirty minutes he was rescued but was quite dead as a result of gas fumes in the well. The first man who went into the well to rescue Ingram, and to withdraw and the second man with a breathing apparatus, succeeded in bringing the unfortunate young man to the surface.

The pupils of all schools in the city suitably observed Empire Day. Shortly after one o'clock they assembled at the Alexandra school, and after forming in procession marched to the square near the depot headed by the Wetaskiwin Citizens' Band. It was a grand, a very imposing and inspiring sight, as the hundreds of children of all aged marched along the streets, each waving a flag. Owing to the rain, which fell in torrents, the celebration had to be curtailed, and necessarily the addresses were short. After principal Crosby had welcomed the large crowd of adults, he introduced Mr. J. P. Fowler chairman of the school board, Rev. A. R. Aldridge, who spoke particularly to the Boy Scouts, and Rev. Father Simard, who each delivered an address appropriate to the occasion.

# FOWLER & CO.
